

Hello from GFL Environmental!

GFL is proud to provide diverse, sustainable, and accessible solid waste handling services in your area. Our local teams have the knowledge, expertise, and experience in quality waste management that our customers have come to rely on. The Mayor and Council for the City of Chattahoochee Hills has just approved a non-exclusive franchise agreement with GFL. Under this agreement, we are now able to provide you with preferred customer pricing and enhanced services.

Our suite of solid waste services offers residents, businesses and institutions reliable, efficient, and regular collection, disposal, and recycling of non-hazardous solid waste. We collect household and municipal garbage, recyclables, bulky items such as furniture, yard waste, and organic material, with an unparalleled commitment to customer service. We also offer rental of specialty containers and roll-off dumpsters in a wide range of sizes and specifications to suit your needs. We cater to our customers' specific waste handling requirements by creating customized solutions and service plans.

In all of our diverse service offerings, GFL is known for reliability, efficiency, and an unwavering focus on safety. Our aim is to enable the customers and communities we serve to be Green For Life by providing accessible, cost-effective, and sustainable environmental solutions.

GFL would love to earn your business and be your waste services provider!
