REVISION #1 • July 14, 2017

## CITY OF CHATTAHOOCHEE HILLS, GA

The information represented hereafter is a revision of criteria related to the **CHASSIS** and the **MODULE AND PATIENT COMPARTMENT** as published in RFP 18-001 on July 13, 2017. Only the criteria named below is changed; all other requirements remain in effect as published and/or as applicable to a particular chassis and a module/patient compartment.

### CHASSIS

#### Base Specifications

The City of Chattahoochee Hills will consider bids on either of the following:

- Ford F-450 vehicle with 6.7L diesel engine and ambulance prep package
- Dodge 4500 vehicle with 6.7L diesel engine and ambulance prep package

### MODULE AND PATIENT COMPARTMENT

#### Base Specifications

(NEW) The City of Chattahoochee Hills consider bids on either of the following:

- Newly constructed module and patient compartment meeting published criteria
- Remanufactured module and patient compartment meeting published criteria

Contractors may issue one bid with alternative pricing for the two above options or submit a second (alternative) bid under separate cover.
